WORK EXPERIENCE

I Love Dust / Designer

August 2022 - Present
Brighton, UK (On-site) and Providence, RI (Remote)

- Develop visually stunning deliverables and presentation decks for clients including Nike, Riot Games, Jordan, Apple, Beats, Coca-Cola and Sony.
- Craft logos and brand toolkits according to client guidelines.
- Create motion and 3D work for various client needs, including brand identity, lyric videos, social media content, tour visuals and content for the company portfolio.

I Love Dust / Intern

May 2022 - August 2022
Brighton, UK (On-site)

- Four months of intensive, on-the-job training, working with other designers on projects for key clients. This gave me the opportunity to develop my 3D and motion skills.
- Upon graduation from the University of Brighton, I was offered a full time position as a Designer, which I am able to perform remotely from my home in Rhode Island.

Freelance Work

January 2019 - Present
Brighton, UK (Remote) and Providence, RI (Remote)

- Developed and delivered representation and brand packages to create identity for clients.
- Produced visually captivating assets such as album covers, logos, posters, stickers, GIFs, and menus depending on the clients' brief and needs.
- Collaborated with and supported a list of clients, enhancing their online presence and making their ideas and brands come to life. Clients included Teamstudio (Software Company), Fitzcanes (Cafe), SLANT (Band), Marang (Band) and The Joker (Bar and Restaurant).
